1. OVERVIEW
The SCCI Gallery welcomes and invites diverse applications from students and staff past and present, at either undergraduate or postgraduate level, and also from the wider arts community within the Riverina district and beyond. The exhibition proposals should have relevance either to this University or to the Wagga Wagga and Riverina district, and we welcome applications that identify regionality within a national context. Applicants should have a demonstrated connection either to the University (ie, previous PhD or MA graduates from SCCI, etc.) or whose work and focus amplifies regionality and high level art and image culture that would be an asset to the new gallery’s profile, and to the University to meet its objectives both towards regional engagement and towards showcasing best practice in creative arts.

Diversity of traditional and new media is encouraged, as are exhibition submissions that identify a wide range of performing and visual arts outcomes that the new gallery space can encompass - this may include exhibitions that are fine art, design, new media, or performative in their scope.

The SCCI Gallery can accommodate painting, drawing, printmaking, photography, design, animation, textiles, sound, video, sculpture, performance and installation art - and any and all theatrical, performative, visual and sound works; as many diverse arts and media and idea gallery installations as possible are encouraged.
